(54) EVENT DATA GENERATION DEVICE

(57)Abstract:

PURPOSE: To stop each event at an optional position and stop all events at the same time.

CONSTITUTION: A setting area 26 for plural events is displayed along the time base 28 of a display device 12; and an on-event icon 30 for indicating the start of an event selected optionally from the events is displayed at a desired position in the setting area 26 by operating a mouse 16, and an on-event icon 32 for indicating the end of the desired event is displayed at a desired position in the setting area 26 by operating the mouse 16. An end marker 34 which indicates the end of all selected events is displayed at a desired position in the setting area 26. According to those displays, the respective on-event names and their on-event start time, respective off-event names and their off-event names, and all event stop time data are stored in the memory in a personal computer 10.
